AUTHORS' ACKNOWLEDGEMENTS	1
ABBREVIATIONS	3
INTRODUCTION	5
CHAPTER ONE: The Nature and Magnitude of the Environmental and Human Health Problems Posed by Pesticides in Canada	7
I. Fish and Wildlife Kills	9
II. Farm Worker Poisonings and Other Effects from Pesticide Exposure	10
III. Human Health Concerns in the General Population	11
IV. Environmental Contamination	11
V. Scientifically Invalid Pesticide Safety Testing	13
CHAPTER TWO: The Role of the Courts in Control of Pesticides Damage — An Evaluation of the Effectiveness of the Common Law	17
I. Private Nuisance	17
II. Public Nuisance	24
III. Strict Liability	25
IV. Riparian Rights	27
V. Trespass	28
VI. Assault and Battery	29
VII. Negligence	29
VIII. Products Liability	31
A. Tort Theory	31
B. Contract Theory	35
IX. Breach of Contract	36
X. Statute of Limitations	36
XI. Summary	37
CHAPTER THREE: The Existing Pesticide Regulatory Control Regime and Its Adequacy	39
I. Constitutional Basis for Regulation of Pesticides	39
II. The Role of the Federal Government	41
A. Origins of Modern Federal Pesticide Legislation	42

B. The <i>Pest Control Products Act</i>	43
(1) The Registration Process: Testing Requirements and the Basis for Decision Making on New Pesticides	44
(a) Adequacy of Testing Requirements and Practices	49
(b) Unacceptable Risk of Harm	53
(c) Departures from Full Registration Requirements: Research Exemptions and Temporary Registrations	61
(d) The Role of the Public in the Registration Process	65
(2) The Re-evaluation Process: The Problem of Ensuring the Safety of Existing Pesticides	66
(a) Slowness of the Re-evaluation Process	68
(b) Difficulties in Prioritizing Pesticides for Review	69
(c) Existing Pesticides and the Special Problems of Falsified Safety Data: The IBT Situation	74
(i) The Federal Decision to Allow Suspect IBT Pesticides to Remain on the Market while Retesting Proceeded	75
(ii) Departures by Agriculture Canada from Health and Welfare Canada Recommendations to Ban or Restrict Certain IBT-Tested Pesticides	76
(iii) Faulty Laboratory Safety Testing and IBT: Aberration or Tip of the Iceberg?	79
(iv) Industry Knowledge of IBT Practices and Future Regulatory Reliance on Industry Testing Results	81
(3) Suspension and Cancellation of Pesticide Registrations: The Role of the Review Board	82
(4) Record Keeping, Inspections and Enforcement	85
(5) Confidentiality of Industry Information: The <i>PCPA</i> and New Federal Access to Information Law	94
(6) Imports, Exports and “Dumping” of Pesticides	99
C. The <i>Food and Drugs Act</i>	102
(1) The Setting of Maximum Residue Limits for Pesticides	102
(2) Captan: A Case-Study in Residue Setting	108
(3) Monitoring and Enforcement	111
D. The <i>Environmental Contaminants Act</i>	114
E. Other Federal Laws	117
F. Non-Regulatory Programmes	118
(1) Integrated Pest Management Programmes	118
(2) <i>Ad Hoc</i> Consultative Committees	119
III. The Role of Provincial Governments	120
IV. The Role of Municipal Governments	120

CHAPTER FOUR: Summary of Recommendations for Legal and Regulatory Pesticide Reforms in Canada	123
I. The <i>Pest Control Products Act</i>	123
II. The <i>Food and Drugs Act</i>	127
III. Other Recommendations for Federal Law and Policy	128
CONCLUSIONS	129
